

2024 Laramie County Republican Party Platform

WE believe there are Timeless Truths that will always inform and direct our party and our country regardless of current events and circumstances, changing strategies, goals, and leadership. These Truths, put into action, maintain, protect, and defend our unalienable rights to Life, Liberty, Property, and the Pursuit of Happiness.

1. Life

All individuals are endowed by their Creator from the moment of conception to the moment of natural death with the rights to Life, Liberty, Property, and the Pursuit of Happiness. The only purpose of government is to protect these rights for all.

2. Equality

Every citizen is equal before, equally protected by, and equally subject to the law, including the pre-born sanctity of life.

3. Second Amendment

The right of individuals to keep and bear arms shall not be infringed. Individuals must never be prevented from defending life, liberty, or property.

4. Private Property Rights

The pursuit by an individual to rightfully acquire, keep, and enjoy his own property is foundational. Every individual has the right to develop his own potential, to use and enjoy his own property, tangible or intellectual, and to pursue his own interests, free from the restrictions of arbitrary force. Individuals are always presumed to be the best stewards of their property. The Laramie County Republican Party supports the protection of private property from the use of eminent domain, civil asset forfeiture, amortization, or inverse condemnation.

5. Religious Freedom

The freedom to practice one's faith is a fundamental right secured by our Constitution. The First Amendment does not require the expulsion of religion from public life. We must keep in mind the Judeo-Christian principles of the Founding Fathers when they wrote it; the practice of faith under this tradition encourages good moral behavior and the development of character that helps secure the other fundamental bases of our national citizenship. Freedom of religion includes the right to abstain from actions contrary to one's religious beliefs.

6. Family Values

- (a) The traditional family, based on the foundation of marriage between one man and one woman, is the best institution and is the authority on how to provide children with the education and training to develop their potential and prepare them to participate in society and in our government.
- (b) The Laramie County Republican Party believes in God's created order: that in His perfect design, He created two sexes, male and female. We believe that objective truth exists and cannot be changed by the redefinition of words.
- (c) Marriage is defined as the union of one man and one woman.

7. Liberty

Liberty is indivisible from economic freedom. The free-market economy is the economic system most compatible with the requirements of personal freedom and constitutional government. Government's undue interference in the market, as well as the fiscal irresponsibility of government, results in economic inequity. There exists no fundamental right to the fruits of another person's labor. No medical procedure, modality, or treatment should ever be mandated under any circumstance.

8. Citizen Government by the Constitution

- (a) The citizens of the United States are the ultimate authority. Governments possess powers derived only from the consent of the governed.
- (b) Our constitutional representative republic remains the best political system, derived from history and knowledge of human nature, to prohibit tyranny, assure equality of opportunity and protect our individual rights.
- (c) The Constitution of the United States established a more perfect union of sovereign states, not a group of subordinate subsidiaries. Neither the judiciary nor the executive may effectively change the document via decisions, judicial opinions, or executive actions. The Constitution of the United States may only be altered by the processes of amendment as provided therein. The Constitution of the United States is the supreme law of the land. Under the Tenth Amendment, powers not enumerated are reserved for the States and the People. The most effective, responsible, and responsive government is the government that is closest to the People. Government that governs least governs best.

9. American Exceptionalism

The United States must maintain its national sovereignty, free from foreign influence that would infringe on the rights of the American People guaranteed by the Constitution. Foreign policy must always serve the interests of the United States.

10. Military

It is incumbent on the federal government to maintain a strong military for the protection of our people, our interests, and our way of life. Those who serve our country honorably deserve our deepest gratitude, highest respect, and unwavering support.

11. Taxes

All taxes collected must be used for the constitutional purposes of government. It is irresponsible to run up debts that are passed on to our children and grandchildren. Taxes should never be more than necessary.

12. Education

The Laramie County Republican Party supports the teaching of the Constitution of the United States, the Constitution of the State of Wyoming, the Declaration of Independence, and other United States founding documents, as well as the factual history and heritage of the United States in Wyoming schools and the historical evidence of the role of faith and biblical principles in the founding of our nation.

13. Water Rights

The Laramie County Republican Party believes in the state's primacy over its water, wildlife, minerals and natural resources; and supports any actions that assure Wyoming's primacy over its water, i.e., the doctrine of prior appropriations.

14. Right to Work

The Laramie County Republican Party opposes the unionization of public employees and supports the Right to Work Law.

15. Civic Duty

Our liberty and the continued success of our republican form of federal government demands continuous vigilance by "We the People." Finally, having thus set forth our distinctive principles and views, we invite the cooperation of all citizens, however differing on other questions, who substantially agree with us, to offer their affirmation and support.

16. Free Speech

Freedom of speech is a fundamental right secured by the United States Constitution and the Constitution of the State of Wyoming. Freedom of speech includes the freedom of the individual to express his or her beliefs, ideas, and opinions without fear of retaliation, censorship, or legal sanction by government.

17. Elections

A primary elected candidate should not move forward as the nominee/candidate without achieving a simple majority. The party should support legislation to ensure candidate is nominated by a simple majority vote.
